

## Hynes Tiles Profile

We've been in the tile business a long time. We started as a little family-run business in Williamstown over 40 years ago and have grown into one of Melbourne's largest wholesalers and retailers of tiles and tiling products. In 1990 we moved to an enormous showroom in Hoppers Crossing, the site of our current store, and we've been there ever since. Hynes Tiles and our related businesses now employ over 60 people, including showroom consultants, design specialists, product innovators, warehouse foremen and delivery drivers.

In recent years we've won a stack of awards for our service. For four years running our staff has won the Australian Tile Council's award for Employee of the Year. We've been Highly Recommended in the Australian Achiever Awards in 2003 and 2004 for Dedication and Excellence in Customer Service. We also won our local council's (Wyndham) coveted award for Best Medium-sized Retailer in 2004. For us, this is proof of our commitment to excellent service provided by our qualified and cheerful people.

During our time in Hoppers Crossing we've watched the area grow and grow. We're proud to say that we're now serving the sons and daughters of the people that came in to our store all those years ago. And we plan to serve their children and their children's children, all with our strong focus on good people, great service and quality product.

In mid 2005, Hynes Tiles joined yourhome Inspiration, Australia's first building and renovating complex. Yourhome Inspiration unites famous brands like Dare Gallery furniture, Unique Timber Floors and Delta Carpets. Now, our customers can shop for their entire home under the one roof, taking tile samples to match carpets and bathroomware. Check out yourhome Inspiration's website at [www.your-home.com.au](http://www.your-home.com.au) for full details on Australia's latest shopping experience.

We are here to share our knowledge and experience
